## **GOLF GAMES EXPLAINED**

### **FOURSOME:**

A match in which two players are paired together and play against another two-player pair. Each pair plays one ball. Players play alternative tees, and alternate shots during play.

### **FOUR BALL BETTER BALL:**

Teams (2) compete against each other using the better of the two players' scores for each hole. Both players hit off and then select the best ball. Halve the handicap.

### **AMBROSE:**

2-3 players hit off as a team. Select the best ball of the team, other players take their ball to the selected ball, drop and all hit from there. Repeat to the hole. Handicap for group of four will be 1/8 of the aggregate, three will be 1/6 of the aggregate and two will be 1/4 of the aggregate.

### **PAIR "22"**

Two players playing Individual Stableford with their points on each hole earning a combined number determining their result. If either player earns 0 or 1 then that means the team can only receive a low outcome: ie: 01,02,03, ... 11,12,13. If both score 2 then they receive a Pair 22 result. If they score better than 22 they receive a high outcome: ie.32,33,..42,43,..52,53, etc

### **BISQUE PAR:**

In a Bisque Par, the player chooses which holes he/she would like to take their handicap shots on, rather than using the index. E.g. a play off 12 Handicap would choose which 12 holes they will take 1 one shot on. The player must nominate if they are going to use a shot before, they hit off on that hole.

### **ECLECTIC COMPETITION:**

Best scratch score for each of the 18 holes over the calendar year. In the handicap section there will be a reduction of 1/2 the player's handicap held on the last day of competition.
